

...Geography...

Continents and Oceans

This map shows the world's seven continents and some of the animals that live there. Animals are adapted to survive in the habitat in which they live. For example, polar bears living in the snowy Arctic, have white fur that helps them blend in with the snow and ice and a layer of fat under its skin to help it stay warm.

This map shows the World's five oceans.

Oceans are large bodies of **salt water**. They cover about **two thirds** of the Earth. There are five oceans:

- The Pacific Ocean
- The Atlantic Ocean
- The Indian Ocean
- The Arctic Ocean
- The Southern Ocean

Equator

Earth also has an imaginary line going through the middle which is called the Equator, this is the hottest place in the World. Countries that are close to the Equator are the warmest and the further away you are from the Equator the colder the country.

...P.S.H.E... -

Children will explore what makes them unique and special, recognising similarities and differences and learning to respect others' likes, dislikes and opinions. They will discuss the groups they belong to and how these help them feel included. They will learn about different family structures, understanding that every family is unique and special. Children will also explore what makes a good friend and how to make and maintain friendships through kindness and care.

...Science...

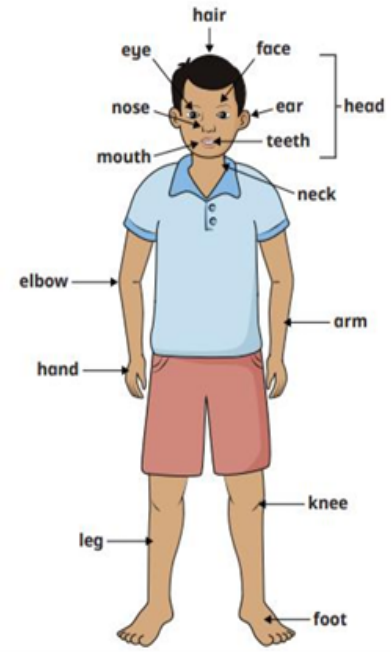

Animals inc. Humans

Our Science topic this half term is 'The Human Body' we will be learning;

***The name and parts of the human body**
***The 5 senses including;**

*Sight – eyes, light, dark, blind
*Sound – ears, hear, loud, quiet, noisy
*Taste – sweet, salty, sour, bitter, savoury
*Touch – skin, rough, smooth, hard, soft
*Smell – nose, smell. scent, sniff, stench

...Art...

Collage - a piece of art made by sticking various different materials such as photographs and pieces of paper or fabric on to a backing.

Pattern - a repeated decorative design.
We look at different animal patterns.

Giuseppe Arcimboldo, also spelled Arcimboldi, was an Italian Renaissance painter best known for creating imaginative portrait heads made entirely of objects such as fruits, vegetables, flowers, fish and books.

...Design & Technology...

Textiles

In D.T we will be making Puppets, as part of this process we will be evaluating existing products, designing our own, making a hand puppet and then evaluating.

To attach our two pieces of fabric together we will be using a sewing technique called the 'Running stitch'.
